A RICH TRIBUTE TO OUR GUIDING SOUL

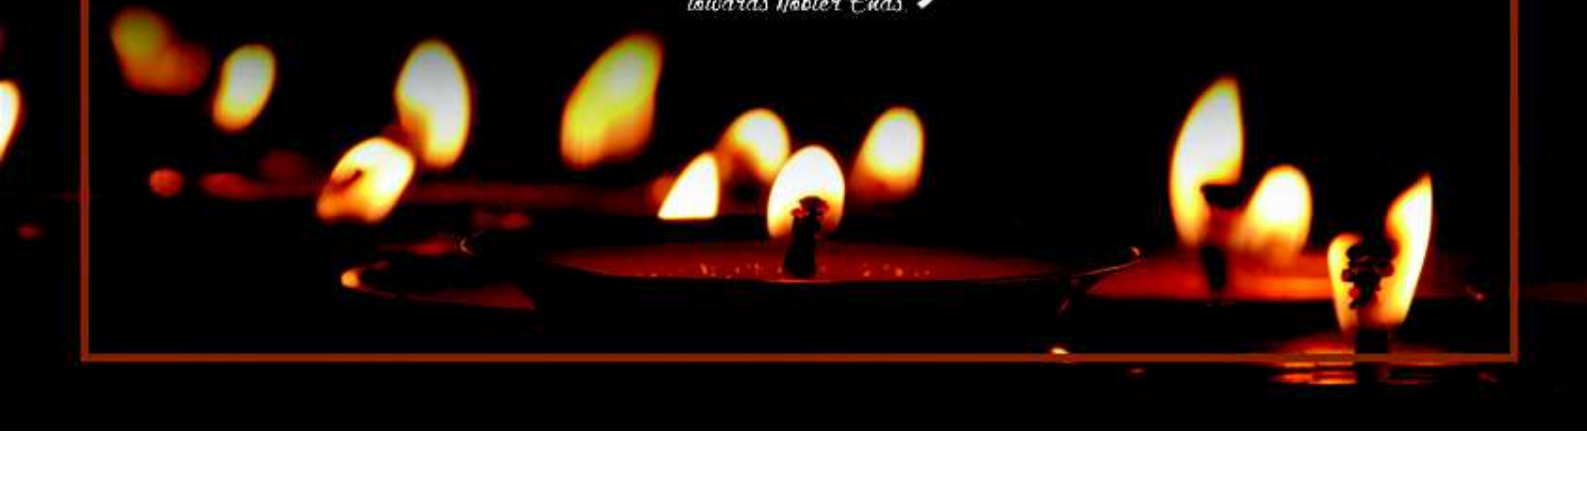

Late Dipan Ch. Nath

Birth : 1 October, 1935

Death : 7 April, 2013

“The Purpose of Education is to Develop
in Each Individual the Knowledge,
Interests, Ideals, Habits and Powers
Whereby He will Find His Place
and Use that Place to shape
both Himself and Society
towards Higher Ends.”

A WELCOME NOTE FROM THE PRINCIPAL

Once again, we have stood on the threshold of another new academic session, a fresh beginning with a lot of hope and optimism, as it were to shine like a star in the academic space. I extend a warm welcome to you to Mayang Anchalik College.

The college you have chosen for your higher study is only 25 years old. Established on August 13, 1992, Mayang Anchalik College had initially ventured its academic journey from the borrowed premises of Mayang Higher Secondary School. The setting up of this college had opened up the doors of higher education in the economically and educationally backward Mayang region for the rural youths to whom it was a cherished dream. The students, who could afford to have further studies, had to go either to Guwahati or Morigaon for pursuing higher education. The girl students after the completion of their Higher Secondary courses had nothing but to abandon the hope for Higher Education altogether. The birth of this college was possible due to the hard works, farsightedness and selfless dedication of the great souls who are no more among us today. I pay my homage to the heavenly souls with upmost reverence.

Being situated now in its own sprawling permanent campus in close proximity of the famous Pobitora Wild Life Sanctuary, the college has been able to make a mark in the academic arena in the district of Morigaon, within a short period of time. I assure you that your sojourn here will shape you into well-groomed knowledge seekers. Since its inception, the college has been striving hard for all-round development of the students. We are trying our best through our dedicated and excellent faculties with high-quality research experience, to make the institute a Centre of Excellence. The college is committed to quality in teaching-learning and in creating individual success story in the academic life of students.

At Mayang Anchalik College, we value each and every individual in our care and it is our aim to provide the best possible environment in which students can celebrate success. It is our endeavour to prepare our young men and women with the very best preparation for life after Mayang Anchalik College. Our teachers not only teach the students but also guide them how to learn for life.

At present, the College has been offering TDC courses in Arts under the University of Gauhati. Plans are afoot to introduce Commerce streams in the college shortly. As a part of extension programme of the college, construction of college buildings, men's and women's hostels, an indoor stadium, a swimming pool, etc. are also in the pipeline. Today, I feel privileged to inform that we have well-qualified, experienced and energetic teachers dedicated to their profession. I hope our students will be able to excel in their academic and intellectual pursuits through this institution. I believe Henry Ford was right when he said "coming together is the beginning, keeping together is progress, and working together is success".

Finally, I extend a warm welcome to our fresh students and wish them an enjoyable and learning experience at our college.

MAYANG ANCHALIK COLLEGE: A BRIEF PROFILE

Mayang Anchalik College, a Degree (Arts) College, which was established in 1992, in the village Rajamayang, is the only seat of higher learning in the western part of the district of Morigaon, Assam. The College is the product of hard works and dedication of the common people with the visionary leadership and commitment of the academic luminaries of this region. The institution, which came into being in an economically and educationally backward and flood prone region like Mayang, has entered the Silver Jubilee year in 2017.

The College is permanently affiliated to the University of Gauhati, Guwahati and the Core Subjects offered by the University in the college are: Economics, History, Political Science, Education and Elective Assamese. Major Courses are also available in all the subjects. The College has been included under sections 2(f) & 12 (B) of the UGC Act 1956. Started with a few copies of books in its library, the College has now a holding of over 14,000 collections of both textbooks and references in its central library and has subscribed to many journals and newspapers. Now, the College is the Centre of Excellence in imparting and expanding education among the rural poor students.

The region of Mayang, previously known for its mystic quality, is a growing rural area which is one-hour drive from Guwahati. What attracts more is the strategic geographic location of Mayang Anchalik College between the mighty Brahmaputra on the North and the Pobitora Wildlife Sanctuary on the South. Fringed by beautiful lush green countryside, the sprawling campus of the College always provides an idyllic academic atmosphere at the College. Situated at a distance of 42 Km from Morigaon College, 35 Km from Jagiroad College, 35 Km from Dimoria College and 33 Km from Narengi Anchalik College, Guwahati, Mayang Anchalik College is a preferred destination of higher education for the rural poor students. All roads to the College are pucca (black topping). Since its inception, the College has been rendering quality higher education to the students, following participatory methods in a friendly and learner-centred atmosphere.
